

PROJECT: TIER 1 ASSESSMENT

SITE NAME: 28-INCH RUMUEKPE NKPOKU TRANS NIGER PIPELINE AT B-DERE

Giolee Global Resources was commissioned by Shell Petroleum Development Company (SPDC) Nigeria Limited to carry out a Tier 1 Assessment along 28" Rumuekpe Nkpoku Trans Niger Pipeline (TNP) in B-Dere, Gokana Local Government Area of Rivers State. The aim of the assessment was to ascertain the presence and extent of residual hydrocarbon in the area. A Conceptual Site Model (CSM) was developed to investigate potential risks to identified receptors. Activities carried out include delineation of area, soil sampling, laboratory analysis and report writing.

Hand Augering

Soil sample observation and collection
