

PROJECT: ASSESSMENT OF OMUKU RIVER

SITE NAME: OGBA/EGBEMA/NDONI L.G.A

Giolee Global Resources Limited was commissioned by National Oil Spill Response and Detection Agency (NOSDRA), to carry out an assessment of the Omoku River in Ogba/Egbema/Ndoni Local Government Area of Rivers State in the Niger Delta Region of Nigeria. The assessment was to ascertain the pollution status of the Omoku River; identify major contaminants of the Omoku River and their concentrations and to establish a link, if any, of the current pollution status of the Omoku River and OB/OB Gas Plant Effluent discharge. Water and Sediment samples were collected and analysed by Giolee Global Resources Limited.
