

PROJECT: ENVIRONMENTAL MANAGEMENT PLAN (EMP)

SITE NAME: WARRI MEDICAL WASTE INCINERATOR

Chevron Nigeria Limited (CNL) in strict pursuance of her corporate strategy of Operational Excellence (OE) on Environmental Stewardship Process and regulatory requirement, commissioned Giolee Global Resources Limited to conduct the Environmental Management Plan (EMP) monitoring of the Warri Medical Waste Incinerator to assess the potential impact of the operation of the incinerator. The main objective of this EMP is to prepare the operators for prompt recognition of the problems and the application of effective corrective measures to ensure proper management of the incinerator plant, while at the same time, achieving a good environmental performance.
